

Virus Cleaner VC 60 air purifier to combat viruses, bacteria, pollen and other germs

Active protection in fitness studios

The **Virus Cleaner VC 60 actively protects against viruses, bacteria, pollen and other germs** thanks to its unique combination of highly efficient, electrostatic main filter and additional HEPA post-filter. The air purifier is ideal for giving customers and employees confidence and safety in fitness studios. The virus concentration, particularly in enclosed spaces, is reduced significantly, limiting the possible risk of infection. The result is a pleasant and healthy room climate, and the air is freed of unpleasant odors.

The air filter reliably meets all applicable requirements of industry and authorities without compromise. The filtering effect is confirmed by the VDI (Association of German Engineers) and DIN EN 1822. The Virus Cleaner VC 60 is suitable for removing microorganisms and biogenic substances, giving you confidence from this additional protective measure.

Extraction capacity
 $600 \text{ m}^3/\text{h}$

Collection efficiency
 $\geq 99.95\%$

Room sizes
up to 125 m^2
